VALE POLICING WITH PCSO LIAM PALMER

In this article I aim to give you all some detail about what we as a beat team are doing to tackle speeding motorists around the Vale.

Speed is one of the main factors in fatal road accidents, which are four times more likely to occur on rural A roads than on urban A roads. In 2013, 3,064 people were killed or seriously injured in crashes where speed was a factor. It doesn't always have to involve two vehicles either, as the risk of death is approximately four times higher when a pedestrian is hit at 40 mph than at 30 mph.

Through community engagement it has been identified that speeding motorists cause a real concern in almost all villages across our beat, especially villages along the main commuter routes in and out of the Vale. As a result of these findings we are working with partners to enforce the speed limits and take action against offenders. Over the coming months, teams of officers will be spread across the Vale at problem times, in an attempt to monitor speed and enforce where necessary. We are already seeing that in areas of current enforcement there is a significant reduction in speeds of motorists. This is even more evident in areas which are also patrolled by community speed watch.

The police are very much behind community speed watch schemes in Leicester, Leicestershire and Rutland and would urge any residents that feel strongly about this to contact their parish council in the first instance to register their interest.

ADVICE

⇒ **The speed limit is a limit, not a target.**

In some road conditions, including fog and rain and traffic flow, even driving at the speed limit could be too fast.

⇒ **Country roads often have sharp bends. Stay in control and give yourself time to react to unexpected hazards by braking before the bend, not on it.**

Be aware that there may be unexpected hazards, such as blind bends, vehicles coming out of junctions and animals on country roads. The national speed limit on single carriage roads is 60 mph, but there will be times you need to drive under that in order to drive correctly for the conditions. In fact most people do on these roads - the average free flow speed is 48 mph.

⇒ **Driving too fast for the conditions is bad driving,**

Driving too close to the car in front, undertaking and failing to signal are widely accepted as examples of bad driving. However, some drivers fail to accept that driving too fast is also poor driving, despite the fact that this is a contributory factor in hundreds of deaths and thousands of injuries every year.

⇒ **Consider the consequences of causing an accident due to driving at excessive speed.**

If you cause an accident you will have to live with the emotional consequences of deaths or injuries caused to others.

Remember: the difference of a few miles per hour can mean the difference between life and death.
The faster someone is driving, the less time they have to stop if something unexpected happens.

If anyone has any further issues or concerns they wish to discuss, they may contact the Beat Team on 101. Reporting crime should also be done on 101 or 999 dependent on the nature of the incident.

GENERAL NOTICES

**A BIG THANK YOU
From the Revd Peter Newton**

I would like to thank everyone in the Ironstone Benefice of Churches for helping me to celebrate the 40th Anniversary, at Eaton Church on 4th October, of my being ordained into the Church of England Ministry, which includes 15 years of my assisting, as a volunteer, in the seven Ironstone Churches.

Thank you, Beverley, for letting me (with Janice's help) take the whole Benefice Harvest Service with a packed church, and for putting on such a splendid 'surprise' celebration lunch in the Village Hall.

Our family and friends, who were able to come also wish to say 'thank you' for the warm welcome and hospitality they received from you all, remarking on how lovely it was to see us gathering together in such a positive church fellowship.

Many thanks to the 'workers' for the refreshments and preparing the extra seating, etc., in the church under Don Shields and to those under Rosemary Grifiths putting on the wonderful lunch in the Hall.

Finally, thank you to everyone for the generous JLP loaded credit card - a gift that may result in my looking smarter!!

May God bless you all,

Peter

Eastwell Nativity Play

Christmas Eve

We'd love as many children as possible to be included in the short and fun nativity play that is part of the candlelit Christmas Eve church service. It's a great way to start Christmas and you can search for Santa on your walk home!

Please contact Jess Congdon (01949 358651) or Eleanor Ceny (01949 869588) if your child would like to be in this. The first rehearsal will be Monday, 21st December at the church at 4.00 pm. Parts will be allocated and the script given out. There will be parts suitable for all ages and abilities.

The final rehearsal will be on Thursday, 24th December, 4.00 pm, at the church.

On the same tack: For the past few years the music has been provided by the organ and a band of local players. This year we will be down on a few band members, so we are looking to recruit some new players to the band to accompany the carols.

If you, or someone you know, plays a musical instrument and would like to get into the festive spirit for about 45-60 minutes on Christmas Eve, please could you let me (Phil Rathbone, 01949 860911) or Judy Goodson, 01949 861167, know. The music should be fine for any player of Grade 2-3 standard. It is written for a variable string and wind ensemble, so violins, clarinets, oboes, flutes, saxophones would be particularly welcome. There may also be parts for brass instruments.

Calling all women young and old in Scaford and the surrounding area

Would you like:

- ⇒ A night out once a month in a relaxing atmosphere?
- ⇒ To listen to a talk on an interesting subject or watch a demonstration?
- ⇒ Would you sometimes like to go to the theatre or the cinema to see productions that may not always appeal to your husband or partner, but don't want to go alone?
- ⇒ Do you enjoy eating out or visiting interesting places?

If the answer is yes to any of these, then you would probably enjoy being a member of the Women's Institute. Despite the rather dated name the WI is a national organisation with very local roots which likes to move with the times and keep on trend with what women today want, whether it is taking part in local campaigns such as library provision, protection of honey bees or learning a new craft. It is aimed at women of all ages.

Scaford WI is a small group who would love you to come along on the first Wednesday of each month and join them. Over the past few years we have had talks and demonstrations as varied as spinning and belly dancing, our activities have included badger watching and going up to Yorkshire to see how forced rhubarb is grown. We have enjoyed many meals out together. Our recent theatre visits have been to see To Kill a Mockingbird, Henry Fielding's "Tom Jones" and Fawlty Towers.

We would love to know what YOU would like as we aim to cater for all tastes and interests. Our first meeting of 2016 will be in the Lecture Room at the Methodist Chapel on the first Wednesday in February at 7.30 pm.

For more information please contact Di (our secretary) on 01664 444051.
