SCALFORD POPPY APPEAL

The total collected for Scalford this year was a staggering £358.94 from the door to door collection, Scalford Court, the School and the Kings Arms.

Thank you to everyone for their generosity.

See you all next year, and don't forget, if we miss you when we call round, please call Penny Jackson on 444293 and she will be happy to arrange a convenient time to pop round.

It's a good time to check your heating oil tank before winter sets in ...
... as the consequences of leaks can be costly to you and devastating to groundwater ...

For further information and advice please contact the Midlands Geoscience team at the Environment Agency on:
GWCLwest@environment-agency.gov.uk.

SCALFORD CHRISTMAS TREE FESTIVAL

A big thank you to all who put trees and displays in the church: it looked great.

Thank you also to Mary Jackson, Penny Clemons and Julie Laffan for helping over the two days and to C&C Plants for donating trees.

Thanks should also go to Michael and Mark at the King's Arms and William Pickard for lighting up our village church over the festive period. A mention also to children of Scalford School, Miss Hubbard and Mrs Howden for ending the event with carol singing. £160 was collected on the two days.

Lastly, a big thank you to all who came and supported the festival.

The NHS 111 service

The point of this new service is to provide a tree-digit, easily memorised number to access non-emergency NHS healthcare, that is, less urgent than 999. It will transfer you to the appropriate service including Out of Hours GP and will set up face to face appointments if necessary.

The calls are free to patient; the line is staffed by fully trained call advisors, supported by nurses; it operates 24/7, 365 days a year; and patients will be connected to the right service (there will be no need to call another number).

How does the service work? You ring 111; the call is answered and you will be asked a series of questions. An ambulance will be despatched automatically if a life threatening emergency is detected. If you need further assistance you will be transferred to the Out of Hours medical service. If you then require a doctor's appointment or home visit, this will be arranged. If you consent, your GP will be emailed consultation details.

A&E departments are always very busy at this time of year, and it is worth the phone call to 111 to find the best course of action. This could save time, an unnecessary journey, and get you treatment quickly if you need it. Reports from those who have used the 111 number have been positive.

Ellen Mell, chairman

The VILLAGE NEWS

Thank you to all the following groups who have donated towards the cost of printing these pages this year:

Eastwell Village Hall
Goadby Marwood Parochial Church Council
Eaton Parish Council
Scalford Friday Club
Eaton Horticultural Society
Scalford Parish Council

These donations amounted to £725.00
Also thank you to all the individuals who donated a total of £60.00 over the year.

We had £367.00 in hand at the beginning of the year; total donations for the year amounted to £785.00; the cost of printing at £75.00 per month amounted to £900.00:

ie. £367.00 plus £785.00	:	£1,152.00
Minus £900.00	:	£252.00

..... which leaves a balance at the beginning of this year of £252.00, which will see us through to March.

EASTWELL CHURCH

You are reminded that there is a good selection of books available in the church in the corner by the font. These can either be taken, borrowed or exchanged.

There is no need to sign any in or out - just take any book you'd like to read and, if you wish to, leave any others you no longer need.

“ THE SILVER LINE”

A free 24-hour helpline for older people
across the UK has been launched by Esther
Rantzen. It aims to combat
loneliness in the over-65s by providing
friendship, information and advice through
calls to trained volunteers.

Ms Rantzen said she hoped the phone line
number 0800 4 70 80 90 would be remem-
bered by all older people when they needed
friendship or advice. The line is funded by a
£5,000,000 grant from the Big Lottery Fund.

Last year, the Campaign to End Loneliness
estimated that more than a million people in
the UK feel trapped in their homes and
around five million older people consider
television their main form of company.

- According to Age UK, 450,000 older people faced Christmas alone this year.
- More than half of people over 75 live alone
- Over three quarters of GPs believe up to 1 in 10 of the patients they saw in a day were really attending surgery because they were lonely, a poll of 1,000 found.

Volunteers answering helpline calls will be encouraged to befriend older people and make regular friendship calls to them over a period of months.

LONG CLAWSON MEDICAL PRACTICE & PHARMACY

*There is space here to
include an article which
couldn't be included last
month.*

Information Sharing

Every time you come and see us, we record the details of your consultation or treatment with your GP or nurse on our computer system. Every time you go to an A&E department or hospital, we receive a discharge letter which we also put on our computer system. If you are being looked after by any of the community health services, they may provide us with information which we put on our computer system.

We do everything we can to protect that information and your privacy: our computer system is only accessible by our practice staff and is both smart card and password protected.

Three initiatives to share your medical are about to begin:

- (1) The Summary Care Record (SCR). This is a small sub-set of clinical information (medications, adverse reactions, allergies) which will be on the national NHS database alongside your name and address, and will be accessible by all hospital emergency departments.
- (1) Health & Social Care Information Centre (HSCIC) uploads. This is an office of NHS England. They will be taking the entire clinical database from every GP practice in England on a regular basis; they will use this for national resource and service planning intelligence.
- (2) Risk Profiling. This merges GP data with hospital data. The patient records are screened to assess their risk in being admitted to hospital in the future. Those who are viewed as being of high risk are highlighted to their practice and this helps your GP to take a proactive approach to your care.

*If you have any concerns regarding the above, please email:
