**VALE POLICING WITH PCSO LIAM PALMER**

With the dark nights of winter well and truly upon us, we need to think about security of our home and property more than ever. Simple deterrents can prevent you from becoming the next victim of crime!

*How can I best protect my home during day and night?*

During the day people feel that their property is safe as it is daylight and nobody would dare try to do anything during the day .... wouldn't they? It is becoming increasingly apparent that a lot of people across the area become complacent with security, leaving windows and doors open or unlocked. For opportunist criminals this is easy pickings, as there is no effort to gain entry into a home or outbuilding. My advice is to:

- Keep all doors and windows secured at all times even when at home, and consider alarms for your home for when you're out or at night;
- Consider restricting access to the rear of your property and think of security marking any valuable electrical items;
- Use light timers to make your home appear occupied when you are out - this makes any would be criminals hesitate as they don't know if anyone is in;
- Don't advertise your property - make sure valuable items cannot be seen through the window where possible.

*What about protecting my garden shed or garage?*

Power tools, sports equipment, cycles, toys and motorbikes are often taken by thieves from gardens or outbuildings and can be costly to replace. Follow some of these inexpensive steps below and try to reduce your chances of being targeted.

**Shed**

- Position sheds so they are clearly visible from the house;
- Make sure the shed door, door frames and walls are solid and replace any rotten pieces;
- Fit a battery powered alarm (can be purchased from DIY stores of Garden Centres)
- Put tools and equipment away after use;
- Make sure your household insurance policy covers theft from your garden/outbuildings.

**Garage**

- If you have a household alarm fitted, consider extending it to cover the garage;
- Consider additional locks, garage door defenders or good quality 'up and over' or 'rolling' deadlocking door handles;
- Long braided steel cable and a 2 bolt anchor locking point can be fixed to garage walls or floors and passed through expensive property such as motorbikes and cycles;
- Don't leave your garage door open so that people can see what you keep in it.

Finally, I would encourage those that are not part of our growing Neighbourhood Watch Scheme to join up and become part of a team that aim to be safeguarding the community. Please direct any queries regarding Neighbourhood Watch to your local NHW Coordinator, or contact me if there are any issued.

**The WELBY PRACTICE  
Patient Participation Group**

We are proud to announce that we have successfully re-established our Patient Participation Group (PPG) and our first meeting took place on Wednesday, 14th October at our Bottesford surgery.

A PPG is a group of volunteer patients registered with a GP surgery who have no medical training but have an interest in the provision of local health services. The aim of the PPG is to make stronger the relationship between practices and its patients. On introducing the group it was pleasing to know there were representatives present for all three of the Welby Practice sites.

We are hoping that, as the group becomes established, it will be representative of all patients' views and one that will work in partnership with the surgery.

If you would like to **influence your local health services, make a difference, meet others in your local area**, please contact Emma Gardner to see how you can get involved with your PPG. Your local representative is Reg Talbott at Scalford.

*If you would like to "take a back seat" but still have your say or make a suggestion of topic for discussion at the next PPG meeting, please look out for the PPG suggestion box found in reception at each site and see the practice website ([www.thewelbypractice.co.uk](http://www.thewelbypractice.co.uk)) for the minutes of meetings.*

**ST EGELWIN'S, SCALFORD  
CLEANING**

We are in need of more cleaners at St Egelwin's Church, Scalford, to lighten the load for the small band of people who do the cleaning at the moment.

We should love to hear from anybody who could give a couple of hours about once every two months or once every six months, or even just once a year. Any help would be appreciated - you don't have to be a church member or a regular attender at church services, but someone who likes to see St Egelwin's looking its best.

The church is used on a regular basis by various groups, and for services. We like to keep the church looking clean and tidy, especially for the many visitors who come in during the daytime when the church is unlocked, and for weddings and funerals.

**The rota for 2016 is presently being prepared. If you feel you would be able to help, please contact Helen on 444673 or at [h.mcnamara49@btinternet.com](mailto:h.mcnamara49@btinternet.com).**
